2020 CENSUS: COUNTING ON YOUR CONSTITUENTS

People live in hard-to-count neighborhoods in every district!

Hard to Count Neighborhoods in California by Congressional Districts

Make sure your community is fully counted to keep our Congressional seats and federal funding!

1. Make the Census a priority for your district
2. Encourage cities and counties to update addresses
3. Ensure the Census is fully funded
4. Encourage the creation of Complete Count Committee locally

Notes & References:
- "Hard-to-count" is a census tract with a self-response rate of 73% or less during the 2010 decennial census.
